SWIFT MyStandards at OeKB CSD

OeKB CSD provides its SWIFT messaging standards, technical specifications, usage guidelines and implementation requirements via MyStandards, the platform operated by SWIFT.

SWIFT MyStandards is a platform developed by SWIFT for the management and publication of messaging standards and market practices. It enables structured access to the SWIFT message formats supported by OeKB CSD and their associated technical specifications.

OeKB CSD publishes its standards within the “OeKB CSD” MyStandards Group. The content is generally organized according to the following structure:

Group → Communities → Collections → Usage Guidelines → Messages

The content published on MyStandards constitutes the authoritative reference for SWIFT communication with OeKB CSD for both SWIFT MT (ISO 15022) and MX (ISO 20022) standards.

1. SWIFT „Communities“ der OeKB CSD

1.1 Settlement und Notary Services

- Settlement ISO 15022 (MT)
- Settlement ISO 20022 (MX)
- Notary Services ISO 15022 (MT)

These Communities contain the Settlement and Notary Services messages supported by OeKB CSD, including the respective Usage Guidelines and sample messages.

1.2 Payments

- Cross Border Payments and Reporting (CBPR+)

This Community includes the relevant ISO 20022 payment and reporting messages.

1.3 Income und Corporate Actions

- Income and Corporate Actions ISO 15022 (MT)
- Income and Corporate Actions ISO 20022 (MX)

These Communities contain the messages supported by OeKB CSD for income processing, corporate actions, and SRD II-related messaging.

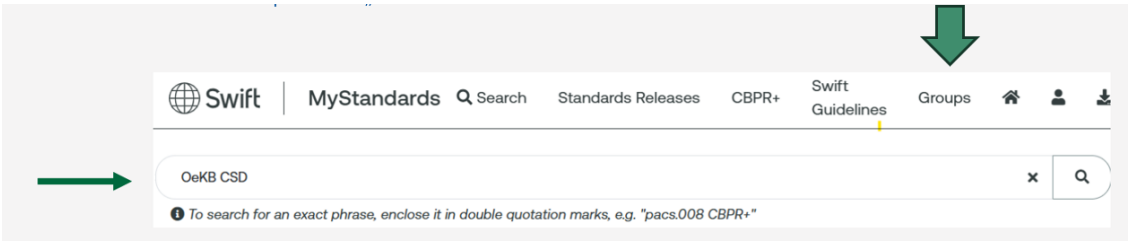
2. Registration and Access to MyStandards

Access to the standards published by OeKB CSD is provided via SWIFT's MyStandards platform: **https://mystandards.swift.com**.

MyStandards is part of the SWIFT portal. A valid user account on **www.swift.com** is required to use the platform. Participants who do not yet have a user account may register free of charge on the SWIFT website. Once registration has been completed successfully, access to the MyStandards platform will be available.

Access is obtained in four steps:

1. Register or log in to the SWIFT platform at www.swift.com.
2. Register for the MyStandards platform at https://mystandards.swift.com.
3. Search for the "OeKB CSD" group:



4. Join the relevant OeKB CSD Open Communities.

Upon joining, the respective Collections, Usage Guidelines and message specifications will be available.
